KADON CELEBRATES 30 YEARS OF SERVICE IN CANADA

CALGARY, Alberta (February 6, 2007) – Kadon Electro-Mechanical Services Ltd., a TurboCare business, is pleased to announce a 30th Anniversary celebration on May 3, 2007. The event will be hosted at Kadon in Calgary, Alberta and will include educational seminars in addition to a celebration party.

The topics of the seminars will be turbomachinery efficiency improvement and electric motor reliability. The day is free of charge, but space is limited so please register at www.turbocare.com, www.kadon.ca or contact rsvp@kadon.ca

Kadon is a member of the TurboCare Network with worldwide operations. Kadon will be changing its name, and plans to present the TurboCare brand to customers at the Anniversary Party on May 3.

“We are very proud of our 1st 30 years of history operating as Kadon and our customers deserve our recognition and thanks. It is also important that customers know we will continue to provide the first class support that they depend on, under our new name, TurboCare. This includes all electro mechanical, engineering, training, and turbomachinery products and solutions that Kadon has provided in the past,” said **Jim Mugford**, Kadon’s President.

“In addition to celebrating the past 30 years of success, this is also a celebration of the future. We have already begun to introduce many innovative TurboCare products and solutions to our Canadian customers over the past 6 months and we look forward to sharing our plans and thoughts for the future at the party.”

About Kadon Electro Mechanical Services Ltd.

As a member of the TurboCare group of companies, another Siemens Subsidiary with worldwide operations, Kadon services a wide-range of turbomachinery and electro-mechanical rotating equipment, including parts refurbishment and manufacturing. The company has been a leader in the Canadian marketplace for nearly 30 years providing shop repair, engineering and redesign solutions for turbines, compressors, pumps, electric motors, and generators. Kadon is a wholly owned subsidiary of Siemens Canada Ltd. Further information can be found at: www.kadon.ca.

About TurboCare

TurboCare is a leader in providing integrated aftermarket solutions, including repair services and replacement parts for virtually all makes of turbomachinery, and specializes in the design, manufacture and application of engineered component and repair upgrades.
